# GÖRG advises FinTech start-up Parto on pre-seed financing round

**GÖRG provided legal advice to the Hamburg-based social fintech Parto Group GmbH on a pre-seed financing round of 2.5 million euros, under the leadership of Hamburg partner Prof Dr Stephan R. Göthel. Heal Capital and Motive Ventures, along with other notable business angels, have come on board as investors.**

Parto Group GmbH was founded by Jes Hennig (CEO), Christoph Roling (CPO) and Thomas Heuck (CCO). The young company offers digital payment infrastructure for companies and institutions in the social economy that help to drastically reduce cash processes and the associated administrative and personnel costs. Parto plans to use the financing round to further expand its portfolio of digital solutions and to deepen its partnerships with strong players.

Heal Capital, a venture capital fund specialising in digital health solutions and health tech start-ups, and Motive Ventures, a VC that focuses on investments in technology-based financial and business services companies, led the round of investors. In addition, other well-known business angels have invested their own capital and entrepreneurial expertise in young, high-growth companies.

GÖRG advised Parto comprehensively on all legal matters in the financing round with a team led by Hamburg partner Prof Dr Stephan R. Göthel.

Prof Dr Stephan R. Göthel advises companies in a wide range of industries, from start-ups to market leaders, as well as investors, on M&A, private equity/venture capital and corporate law. Stephan R. Göthel has extensive experience in national and international company acquisitions, joint ventures, corporate financing and management and employee participation.
